### **of colours used**

Identification of MDR DPs in the topical ESRS.

Identification of Voluntary DPs

Blue colour used to identify TABLES in case DR and AR requires that some requirements can be broken down in several dimensions [i.e. by countries, region...]. The presentation in an ESRS statement does not necessarily need to be in tabular format, unless ESRS requires it.

Line items related to the tables are also highlighted in blue [i.e. ESRS E1-4\_04 - E1-4\_18]
